Levels of Giving

Pledge Form

The Weatherby Lake Entrance Project

Purpose

The Entrance Project will enhance our city street entrances with a design theme that combines established history with aesthetics. The project includes eight street entrances that will incorporate traffic safety qualities, improve the value of property to all residents, and highlight the community's unique charm and natural beauty.

Design

Through a comprehensive selection process of the Entrance Advisory Group and the City Board of Aldermen, The Greensman, Inc. was chosen to design and construct the entrance monuments and landscaping. Owned by Kristopher Dabner, the Greensman, Inc. is a full-service landscape design and services company established in 1994 with a high reputation in the Kansas City area. Kristopher is a Weatherby Lake resident.

Timeline

Construction is scheduled to begin in 2010, with completion expected in 2012.

Funding

The Project will be funded by community pledges, grant searches, and Kansas City, Missouri replacement funds for the Barry Road entrances.

The Weatherby Lake Entrance Project offers the opportunity to pledge at seven levels over a **one to three-year schedule**. Annual statements will be provided and **all contributions are tax deductible**. Your commitment will be celebrated in a permanent display.

	The Crown Jewels
